

Advance Scale Company **B #123** www.advancescale.com
Chris Santarpio (770) 321-1894
Advance Scales provides scale and weighing systems.

Advance Tires **B #250** www.advancetires.com
Jerry Bruner (800) 445-6647
Advance Tire is an industrial tire company providing soft ride solid tires.

Agri-America **B #103** www.agruamerica.com
Dee Strong (713) 432-0322
Agri America, Inc. is a leading U.S. manufacturer of HDPE and LLDPE geomembranes. Smooth and Microspike™ geomembranes, HDPE and PP concrete protection liners and pipe and pipe fittings.

Al-jon, Inc. **B #314** www.al-jon.com
Terry Sturgell
Al-jon produces three American made compactor models; the 81K, Impact 91K, and the new Advantage 600 at over 126,000 lbs. Al-jon remains dedicated to producing reliable, high-performance machines for this heavy-duty application.

Allied Waste
Allied Waste Industries, Inc. is the second largest non-hazardous solid waste management company in the USA servicing approximately 10 million residential, commercial and industrial customers in 118 major markets within 37 states.

ALLU Group **Parking Lot** www.allu.net
Dale Mickle (201) 288-2236
ALLU products consist of the screener crusher processing attachment, windrow turner, soil stabilizing and compacting equipment.

Alternative Resources, Inc. www.alt-res.com
Alternative Resources, Inc. (ARI) is a consulting firm providing services in the fields of water and wastewater treatment, solid waste management, residuals management, environmental permitting and compliance and energy production.

American Chemistry Council www.plasticsresource.com
APC maintains a database of buyers and sellers of post industrial and post-consumer recycled plastics in the USA and Canada. It is a cooperative effort of APC in the USA and the Environment and Plastics Industry Council in Canada.

American Environmental Group Ltd. **B #408** www.aegl.net
Vince Little (330) 659-5930
AEGE specialized construction services include landfill gas/leachate well drilling and installation, landfill gas/leachate collection and control system installation, geosynthetic installation and fabrication, O&M for active LFG systems and post closure O&M services.

Andela Products **B #303** www.andelaproducts.com
John Andela (315) 858-0055
Andela produces a growing line of versatile machinery to break and pulverize glass, recycle gypsum board and CRT's and commingled separation systems.

ARCADIS **B #217** www.arcadis-us.com
Phil Batten (585) 385-0090
ARCADIS is a global network of business professionals that provides project management, consultancy and engineering services to enhance mobility, sustainability and quality of life.

Asahi/America www.asahi-america.com
Asahi/America, Inc. manufactures and distributes a full line of thermoplastic valves, actuators, and industrial, dual containment, and high purity piping systems.

Atlantic Nuclear **B #236** www.atnuke.co
John Anderson, Jr. (781) 828-9118
Atlantic Nuclear provides radiation detection equipment.

Blackhawk Environmental Co. **B #127** www.blackhawkco.com
Mark Bertane (630) 469-4916
Blackhawk manufactures landfill piston pumps for leachate, gas well dewatering and condensate pumps. Electric and pneumatic pumps include top head drive pneumatic, electric and windmill.

Bomag **B #131** www.bomag-americas.com
Jim Head (240) 401-2142
Bomag provides a complete line of mobile refuse compactors from 71,000 to 120,000 pounds operating weight.

Bond, Schoenck & King PLLC www.bsk.com
Attorneys specializing in environmental work.

BSG Engineering **B #225** www.birdsall.com
Jay Pisco (914) 304-3444
BSG offers a broad range of civil and environmental engineering and consulting services to the private sector, municipalities, public authorities, counties and governmental agencies.

Busch Systems International, Inc. **B #254** www.buschsystems.com
Serena Brooks (800) 565-9931
Busch Systems manufactures plastic recycling containers, curbside office containers and promotional items using post consumer recycled material.

Bulk Handling Systems **B #312** www.bulkhandlingsystems.com
George Ispen (866) 688-2066
Bulk Handling Systems designs, manufactures and installs material sorting and handling systems for the solid waste and recycling industry.

Camp Dresser & McKee www.cdm.com
CDM is a full-service consulting, engineering, construction, and operations firm serving public and private clients worldwide.

Care Environmental Corp. **Parking Lot** www.careenv.com
Francis J. McKenna, Jr. (973) 398-5100
Care Environmental is a full-service environmental waste management corporation for industry, government and residential establishments. "Cradle to grave" handling and disposal services provide a single source for all aspects of waste management which reduces overall client cost.

Carmo Environmental Services **B #124**
Joe Carmo (516) 794-7904
Manufacturer's representative for geosynthetic products.

Caron Compactor Company **B #228** www.caroncompactor.com
Dave Reed (209) 838-2062
Caron manufactures landfill compactor and dozer attachments (steel wheels, trackshoes, transfer station wheels, blades, etc.).

Casella Waste Systems, Inc. **B #404 – 406** www.casella.com
John Casella & Stephen Klemann (802) 388-2915
Casella provides residential, commercial and municipal integrated solid waste disposal and recycling services.

Cashin Associates www.cashinassociates.com
Cashin is a multi-discipline engineering, construction management and environmental consulting firm.

Cetco Lining Technologies www.cetco.com
CETCO provides products and services in a diverse range of industries including industrial applications, concrete waterproofing for underground structures, lining systems for liquid containment and non-oil and gas related drilling applications.

City Carting of Westchester
City Carting operates transfer stations and recycling facilities and hauls waste.

Clean Energy **B #119** www.cleanenergyfuels.com
Mark Riley (781) 685-4857
Clean Energy is the largest provider of natural gas for transportation in North America with a broad customer base in the refuse, transit, shuttle, taxi, police, intrastate and interstate trucking, airport and municipal fleet market.

Clear Tainers, Inc. **B #401** www.clearainers.com
Jim Alderden (800) 872-8241
Clear Tainers offers portable stands and bags to collect and promote recycling and trash collection at community events.

Clough Harbour **B #122** www.cha-llp.com
Frank LaVerda & Ken Gallagher (518) 453-4579
CHA is a full service engineering firm in the fields of industrial, power transmission and distribution, environmental, civil, traffic/transportation and geotechnical engineering as well as surveying, wetland delineation, construction inspection and technology services.

Conestoga-Rovers & Associates **B #115** www.craworld.com
Judy Wilfrom (716) 297-6150
Conestoga-Rovers is a family of companies providing comprehensive engineering, environmental consulting, construction, and information technology (IT) services.

Cooper Tank Recycling **B #239 & Parking Lot** www.coopertankrecycling.com
David Hillcoat (718) 497-4431 x229
Cooper Tank Recycling serves the construction and demolition industry in the New York metropolitan area and works with hauling companies to provide certification and documentation for LEED credits.

Cornerstone Environmental **B #106** www.cornerstoneeng.com
Cathie Swyka (877) 294-9070
Cornerstone is an environmental consulting, engineering, and field service firm dedicated to providing services to the environmental and solid waste industries.

Corrosion Prod. & Equip. Inc. **B#407** www.corrosion-products.com
John David (518) 461-5863
Corrosion Products is a manufacturer and distributor of HDPE pipe and manholes.

Covanta Energy **B #409** www.ref-fuel.com
Kevin O'Neil (716) 278-3548
Covanta Energy operates waste-to-energy and metal recovery facilities and provides special waste services.

Creative Information Systems **B #402** www.smsturbo.com
Victor Parrish (603) 627-4144
SMSTurbo® is a multi-tasking, integrated waste/recycling management software package which can store customer, material and truck information, print a ticket or bill of lading and ticket logs and is as simple or as complex as your business requires for future growth.

Delaware Engineering, P.C. www.delawareengineering.com
Delaware Engineering, P.C. is a civil and environmental engineering firm offering professional services in water and wastewater engineering, construction management, ecological assessment, environmental review and permitting, landfill design and closure and storm water management.

Diamondback Products B #255 & Parking Lot www.diamondbackproducts.com
Eric Surratt (336) 731-3281
Diamondback is a manufacturer of cart tipplers – The 3rd Man at Work.

Dvirka & Bartilucci B #112 www.dvirkaandbartilucci.com
Ted Pytlar (908) 668-4747
Dvirka & Bartilucci provides comprehensive environmental engineering services in solid waste management planning, economics, design, procurement and permitting for recycling, composting, resource recovery and landfills.

Eastern Cover-All B #227 www.coverall.net
Brian Woodard (800) 268-3768
CNY Cover-All Buildings, with their high, clear span truss arch design, offer waste management building solutions for transfer stations, compost, landfill and recycling facilities.

E.J. Prescott # 215 www.ejprescott.com
Pete Hanrahan (800) EJP-24HR
E.J. Prescott provides water, sewer, drain and gas products.

Emery-Winslow Scale Co. B #235 www.emerywinslow.com
David Young (800) 891-3952
Emery Winslow is a manufacturer of industrial and light capacity weighing equipment utilizing a combination of hydrostatic and electronic weighing technologies.

Enerkem B #313 www.enerkem.com
Dino Mili (514) 875-0284
Enerkem converts sorted waste as well as forest and agricultural biomass residues into second generation ethanol, other renewable transportation fuels and green chemicals.

Environmental Capital 212-302-4227
Financial Advisors.

Environmental Pump Solutions B #226 www.environmentalpumpsolutions.com
Dustin Pickering (888) 512-1110
EPS is a manufacturer and supplier of pumps, controls, and related water and gas management equipment to the landfill industry.

Excelsior Blower Systems B #232 www.excelsiorblower.com
Dan Fulton (908) 236-8245
Excelsior Blower Systems engineers and manufacturers blower packages and acoustic enclosures.

Foam Equipment + Consulting Co. B #219 www.foamequipment.com
Phil Plotts (314) 427-4395
Foam Equipment + Consulting Co. is a distributor of shape molding equipment for expandable bead foams specializing in EPS & EPP machinery sales, service, parts and plant design.

Geotechnics, Inc. B #310 www.geotechnics.net
Randy O'Rourke (412) 823-7600
Geotechnics is an independent accredited laboratory that provides geotechnical and geosynthetic testing services.

Germano & Cahill, P.C. www.germanocahill.net
Germano & Cahill are Attorneys at Law known for their solid waste legal services in the post-Carbone era advising clients on revenue alternatives such as solid waste districts, contracts and collection to protect their capital investments.

Godwin Pumps of America, Inc. B #231 www.godwinpumps.com
Jim Lehmann (856) 467-3636
Godwin Pumps specializes in rental, sales and design of wastewater pumping systems including Dri-Prime pumps, full parts inventory and 24-hour service.

Golder Associates, Inc. B #110 www.golder.com
Frank Adams (856) 616-8166
Golder Associates is a global group of consulting companies specializing in ground engineering and environmental services.

GSE Lining Technology B #218 www.gseworld.com
Richard Mason (412) 573-0125
Gundie/SLT Environmental, Inc. (GSE) is a manufacturer and marketer of geosynthetic lining solutions, products and installation services to the waste, wastewater, water management, mining, agriculture, aquaculture, golf course, power, and other industrial industries.

GSP Marketing Inc. B #205 & Parking Lot www.g-sproducts.com
Russ Palmer (814) 445-5866
GSP Marketing Inc. produces highly specialized mobile solid waste and recycling collection equipment.

GZA www.g3za.com
GZA maintains focuses on geotechnical engineering. Its engineering capabilities include general civil engineering services with an emphasis on geo-structural engineering, solid waste engineering, stormwater management, site design, and dam engineering.

Harris Waste Management Group B #241 www.harriswaste.com
Dick Mitchell (800) 373-9131
Harris builds two-ram balers, closed door horizontal balers, open-end horizontal balers, TransPak Compaction Systems and vertical balers that bale everything from solid waste, cardboard, paper, and plastics to non-ferrous metals.

Hatch Mott MacDonald B #212 www.hatchmott.com
Brendan Mullen (973) 912-2438
Hatch Mott MacDonald is a full service consulting engineering firm offering multi-disciplined expertise in planning, environmental assessments, studies and analysis, design, permitting, procurement and construction management.

Haul-All Equipment B #113 www.haulall.com
Bill Vanderlinden (888) 428-5255
Haul-All Equipment is an innovative engineering and manufacturing company that offers side-loading collection vehicles, semi-automated containers and rapid cycle transfer stations for urban / rural waste and recycling systems.

HDR Engineering B #130 www.hdrinc.com
Joe Murdoch & Etta Reyes (914) 993-2000
HDR is a leading architecture and engineering consulting firm dedicated to the success of its clients and to achieving the highest levels of professional expertise.

Holland & Knight www.hklaw.com
Holland & Knight is a "full-service" firm representing solid waste clients in all related-matters, including facility procurements, contract development, litigation, environmental, real estate and labor.

Hudson Baylor Corp. Recycling B #403
John Formisano, Jr. (845) 561-0160
Hudson Baylor processes scrap metals, plastics and glass.

HydroQual, Inc. www.hydroqual.com
HydroQual, an environmental engineering firm, specializes in hydrogeological and engineering services for site remediation and in the analysis and optimization of water and wastewater treatment processes.

Institute of Information Technology, Inc. B #203 www.e-iiit.com
Jim Phillips (310) 722-2029
Institute of Information Technology provides software products and services combining Logistics, GIS, and AVL/GPS technology to provide real-time fleet/vehicle tracking, route/dispatch optimization, and vehicle scheduling solutions to improve efficiencies of any organization with bottom-line measurable Return-On-Investments (ROI).

Interstate Refrigerant Recovery B #256 www.irri.us
Tim Maloof (508) 453-5414
IRRI provides on-site refrigerant recovery and recycling services to municipal, commercial, industrial, governmental and residential customers.

ISCO Industries B #247 www.isco-pipe.com
Scott Eaton (716) 799-9101
ISCO is a distributor of HDPE piping products and services.

iWasteNot Systems B #245 www.iwastenotsystems.com
Norman Ruttan (613) 923-5291
iWasteNot Systems is a family owned business supplying web-based surplus materials exchanges in communities across North America through a package of services which includes software, web-hosting, security, support and training.

J and J Equipment Parking Lot www.jandjequipment.com
George Lonergan (315) 699-0656
J and J Equipment sells, rents, and services a wide variety of environmental equipment.

Jet-Vac, Inc. B #116 www.jvni.com
Vince Phillips (973) 659-0061
Jet-Vac Inc. is a distributor of sewer and street cleaning equipment and TV Inspection Systems. Jet-Vac services what they sell and also has short and long term rentals available.

Landfill Service Corp. B #249 www.landfill.com
Rob Francis (607) 625-3050
Landfill Service Corp. is the leader in cost-effective landfill industry solutions with products to save valuable landfill space, control odors and erosion, and address challenges related to the day-to-day management of leachate disposal and LFG.

Landtec North America B #304 www.ces-landtec.com
John Johnson (301) 391-6545
Landtec manufactures LFG collection system equipment and software products.

Leak Location Services, Inc. B #208 www.llsi.com
Daren L. Laine (210) 408-1241
LLSI provides professional services for locating leaks in geomembrane-lined facilities using an electrical leak location method.

Lee Supply Co., Inc./EPG Cos. B #301 www.leesupply.com
Bill Lee & John Hasslen (724) 483-3543
Lee Supply offers diversified pipe and pump systems specializing in landfill fabrication with HDPE, Sure Pump Systems.

Lockwood, Kessler & Bartlett, Inc. B #105 www.lkbinc.com
Paul Lappano & Adam Friedberg (516) 938-0600
LKB is a full service engineering company providing solid waste management services for the design and permitting of landfills and transfer stations. Specialties include LFG control and treatment, groundwater monitoring and remediation, landfill closure and reuse.

L.P. Wire-Tie System B #240 www.lpwiretie.com
Brian Edgar (800) 621-6141
L&P Wire Tie is a manufacturer of designed systems for wire.

MAC Trailer Manufacturing B #104 www.mactrailer.com
Phil Bortz (800) 795-8454
MAC Trailer builds and services aluminum dump trailers, tippers and moving floor transfer trailers, flatbeds and steel trailers.

Machinex Technology B #211 www.machinex.ca
Gaetan Bolduc (773) 867-8801
Machinex engineers, designs, and manufactures custom built scrap-handling systems for material recycling facilities, pulp and paper industries, municipal solid waste industries and any type of facility that generates recyclable waste.

Malcolm Pirnie, Inc. www.malcolmpirnie.com
Malcolm Pirnie provides engineering, science and consulting services in environmental issues.

Martindale Associates B #220 www.martindaleassoc.com
Laurie Hall (978) 372-2120
Martindale provides products, system design and software solutions that address manufacturer's automation, production and delivery needs.

McMahon & Mann Consulting Engineers. P.C. www.mmce.net
McMahon & Mann provides geotechnical and environmental engineering services.

McNeilus Truck Parking Lot www.mcneiluscompanies.com
Mark McLaughlin (610) 913-7328
Refuse Trucks.

Mettler Toledo, Inc. B #107 www.mt.com
Jim Garrity (518) 392-9689
Mettler Toledo provides scale and weighing systems.

Metro Waste Paper Recovery, Inc. B #204 www.materialsrecovery.net
Jeff Meyers (585) 527-8110
Metro is the leading collector, processor, and broker of recyclable paper fiber in Canada.

Milton CAT B #216 www.miltoncat.com
Brett Costello/John Kramer (518) 977-8000
Milton CAT is an authorized dealer for Caterpillar construction, forestry and paving equipment, truck and marine engines, and power systems. Caterpillar, known for innovation, is a name which stands for integrity and reliability.

Modern Landfill B # 209 www.moderncorporation.com
Joe Hickman (800) 662-0012
Modern Landfill, a Division of Modern Corporation, provides non-hazardous subtitle D compliant solid waste management services and permitted tire recycling services. Modern also provides rubber mulch products for retail sales in five colors.

MXI Environmental Services LLC B #206 & Parking Lot www.mxiinc.com
Marc Kodrowski (973) 300-4968
MXI Environmental Services LLC (MXI) is a full service environmental company that specializes in alcohol recycling services, household hazardous waste collection events, hazardous and non-hazardous waste disposal and transportation services and non-hazardous waste processing.

N40, Inc. B #234 www.n40compost.com
Robert Mickelburgh
N40 provides composting and support equipment.

N.A. Trading House, LLC B #246 www.natradinghouse.com
Gerardo Soto (212) 729-0757
North American Trading House is the U.S. distributor of the Rocket® In-vessel on-site composting system. This system transforms food waste into compost in 14 days and eliminates the need for transportation of organic wastes.

National Grid www.keyspanenergy.com
National Grid is a wholly owned subsidiary of National Grid*, an international, London-based company whose core business is the delivery of electricity and natural gas.

National Solid Waste Management Association, NE Office B #233 www.nswma.org
Steve Changaris (800) 679-6263
NSWMA is a trade association representing for-profit companies in North America that provide solid, hazardous and medical waste collection, recycling and disposal services, and companies that provide professional and consulting services to the waste services industry.

NCM Odor Control B #210 & Parking Lot www.ncmodorcontrol.com
John O'Brien (267) 259-5190
NCM supplies odor control technologies to a broad range of sites and industries including landfills, transfer stations, railroad yards, and waste treatment plants.

Norseman Plastics B #108 www.norsemanplastics.com
Art McKenzie (888) 675-2878
Norseman Plastics manufactures curbside recycling containers and a green bin, kitchen collector and Earth Machine for home composting.

Northern Safety Co., Inc. B #238 www.northersafety.com
Gary Guertin (315) 793-4900
Safety equipment, gloves, boots, safety eyewear, hard hats, and first aid.

NYS Empire State Development B #223 www.nylovesbiz.com
Brenda Grober (518) 292-5340
ESD provides financial & technical assistance to NYS businesses to help improve their productivity and competitiveness through enhanced environmental performance.

Pannone Lopes Deveraux & West LLC www.pldwlaw.com
Pannone Lopes Deveraux & West LLC provides legal services through various disciplines. The firm's practice areas include business and consulting, government and legislative strategies, non-profit organizations and more.

Paradigm Software LLC B #230 www.paradigmsoftware.com
Jackie Barlow (410) 329-1300
Paradigm provides solid waste weighing software which will run any weigh-based business including landfills, transfer stations, recycling, MRF/RRF, quarries and hauling/routing businesses.

Paulus, Sokolowski & Sartor, LLC (PS&S) B #125 www.psands.com
Walter Burke (732) 584-0276
PS&S, as a part of KeySpan Business Solutions, is an integrated design/engineering firm providing total engineering, architectural, environmental, and validation services with expertise and experience with landfill engineering, and landfill and brownfield redevelopment and beneficial re-use.

Pine Environmental B #308 www.pine-environmental.com
Kevin Connors 877-903-PINE
Pine Environmental services include the renting, selling, and repairing of environmental monitoring instruments, and sampling and safety supplies.

Poly-Flex, Inc. B #242 www.poly-flex.com
Lou Jacobsen (800) 527-3322
Manufacturer and installer of HDPE and LDPE geomembranes, geonets and geocomposites.

Precision Industrial Maintenance B #126 www.precisionindustrial.info
Craig Corbett (518) 346-5800
Precision provides leachate system cleaning, flushing and pipeline video inspection services plus environmental remediation, hydro-excavation and disposal services.

QED Environmental Systems Inc. B #248 www.qedenv.com
Greg Scarcella (800) 624-2026
QED manufactures air-powered environmental pumps for groundwater remediation and sampling, landfill leachate and methane condensate pumping.

Rechargeable Battery Recycling Corp. B #128 www.call2recycle.com
Hugh Morrow (678) 419-9990
RBCRC operates a rechargeable battery recycling program, Call2Recycle throughout the contiguous US and Canada.

Recycle Clear B #306 www.recycleclear.com
Casey Dembowiak (414) 431-0651
Recycle Clear manufactures recycling and waste receptacles.

Reflective Apparel Factory B #311 www.reflectiveapparel.com
Sally Boven
The Reflective Apparel Factory supplies high visibility apparel and offers a complete line of ANSI 107-2004 Compliant garments.

Rehrig Pacific Company B #129 www.rehrigpacific.com
Joe Delaney (315) 668-7776
Rehrig manufactures a full line of roll-out carts and bins for curbside collection of household waste and recyclables.

Re-Tread Products B #224 www.retreadproducts.com
Shane Hansen (716) 244-8084
RTP manufactures recycled tire products including the TIRE LOG and TIRE POLE.

RockTenn B #114 www.rocktenn.net
Melanie Walrath (315) 703-9328
RockTenn, a 100% recycled containerboard mill located in Central New York, consumes 800,000 tons per year of secondary fibers drawn from the Northeastern United States and Southeastern Canada.

RRT Design & Construction B #121 www.rrtenviro.com
Nat Egosi & Dave Weitzman (631) 756-1060
RRT provides engineering, equipment, construction and consulting services to the solid waste processing and recycling industries.

R.S. Lynch & Company, Inc. B #305 www.rslynch.com
Steve Lynch (802) 373-7779
R.S. Lynch & Co. is New York's leading solid waste financial advisory firm and has been ranked among the top ten, nationwide, by Securities Data Corp. financing over \$3 billion of solid waste projects.

Sanborn, Head & Associates B #222 www.sanbornhead.com
Jim Chabot (603) 229-1900
Sanborn, Head & Associates (SHA) provides innovative, value-added design, permitting and construction-related services for the solid waste industry. Services include Title V permitting, air dispersion modeling, NSPS modeling and compliance, LFG extraction systems design, design and permitting of landfill expansions and closures and SCADA system design and integration.

SCS Engineers B #237 www.scsengineers.com
Peter Kuniholm (845) 353-5727
SCS provides a range of environmental services that include landfill gas design, solid waste management planning and other practical ways for managing waste.

Seneca Meadows, Inc. B #111 www.senecameadows.com
Rocky LaRocca & Paul DeVaney (315) 539-5624
Seneca Meadows is the largest permitted NY State landfill including waste-to-energy 11 megawatt plant, state of the art tire chip recycling facility and compost facility.

SHAW Environmental, Inc. B #117 www.emconinc.com
Pam Nowicki
(845) 492-3123
Emcon/OWT, Inc. is one of the largest providers of integrated solid waste services in the United States offering innovative, value-driven and client-focused solutions.

Signature Marketing B #221 www.signaturemarketing.com
Evelyn Golden
(860) 658-7172
Signature Marketing is an environmental promotional products company for your organization, school, business, or trade show.

Simplicity Engineering B #118 www.Komptech.com
Steve Runge
(413) 562-8653
Simplicity is a distributor of Gruendler shredders & grinders, recycling systems and Komptech shredders.

Sims Metal Management B #134 www.simshugoneu.com
Fred Cornell
Sims Metal is an innovative metal recycler with 120 sites across four continents processing end of life products, metals and non-metallic materials.

Snyder Technical Services LLC B #243 www.snydertech.com
Bill Snyder
(315) 363-6098
STS specializes in blower maintenance and repair service to centrifugal air and gas blowers utilizing the latest technology in laser shaft alignment and vibration analysis.

Stantec Consulting www.stantec.com
Stantec provides professional design and consulting services in planning, engineering, architecture, surveying, and project management to public and private sector clients from initial concept and financial feasibility to project completion.

Stearns & Wheler, LLC www.stearnswheler.com
Stearns & Wheler offers planning, siting, hydrogeologic investigations, design, operations, construction and closure for all aspects of solid waste management including collection, application and diversion.

Sunking Electronics Recycling Conference Center www.sunking.com
Duanne Beckett
(877) 860-7866
Sunking provides E-scrap recycling and secure equipment shredding services from residential customers to Fortune 500 companies with the ability to find value in nearly all used equipment by utilizing on-line auction sites, and B2B networks while recycling in an environmentally friendly manner.

Tarpomatic, Inc. B #302 www.tarpomatic.com
Dave Collinsworth
(800) 500-5069
The Automatic Tarping Machine (ATM) is a self-contained unit that attaches to heavy equipment to unroll and retrieve different types of fabric panels used for alternate daily cover to reduce landfill operational costs, increase revenue and save air space.

Tech Environmental B #244 www.techenv.com
Andrew Beaton
(781) 890-2220
Tech Environmental provides solutions to air quality, odor control and noise issues.

Tenax Corporation www.tenaxus.com
Tenax manufactures geosynthetics for civil engineering and environmental applications, such as fencing, meshes and grids for construction.

Tetra Pak, Inc. www.tetrapak.com
Tetra Pak is the world's largest suppliers of packaging systems for milk, fruit juices and drinks, and many other products.

The Idea Works B #133 www.theideaworks-ny.com
Chuck Leone
(585) 381-2257
The Idea Works! provides promotional and recognition logo'ed products items to clients from Fortune 500 companies to Brownie Troops and anything in between.

Toter, Inc. B #109 www.toter.com
Stan Haines
(704) 872-8771
Toter, Inc. is a manufacturer of plastic rollout waste handling carts and hydraulic cart lifters.

Trex Company, Inc. B #132 www.trexlumber.com
Samara Newman
(703) 242-5762
Trex Company, Inc. manufactures composite lumber for household decks, boardwalks and marinas and buys polyethylene plastic! Trex decking and railing products, with a 25 year warranty, are made from a combination of reclaimed wood and plastic, and will not splinter or warp and never needs to be sealcoated or painted.

Troy Belting & Supply/FLEXCO B #252 www.troybelting.com
Bob Hayward
(800) 274-8769
Troy Belting & Supply distributes equipment and services to the industrial, mining and commercial markets of the Northeastern United States. FLEXCO produces belt conveyor fasteners and offers conveyor maintenance solutions.

Troy Belting & Supply/Titan Conveyors B #253 www.troybelting.com
Duncan Rounds
(800) 274-8769
Troy Belting & Supply distributes equipment and services to the industrial, mining and commercial markets of the Northeastern United States. Titan Industries designs and builds custom conveyors and conveyor systems.

Truck & Bus Compliance Auditing B #307 www.trucknbus.net
Lew Snearly
